**DETAILED ACTION**

1. Claims 1-20 are pending.

***Allowable Subject Matter***

2. Claims 1-20 are allowed.

The following is an examiner's statement of reasons for allowance: The cited prior art, Bellovin, Thomlinson, Mi, and Aziz teach methods of authentication and content protection. However, the cited prior art fails to teach or suggest generating a key by one entity that is not known to the other entity (see Applicant's remarks page 23) by a first party generating a first key and a second key using the first key and a one-time password and having the second party store the second key to be used for authentication. As a result, the cited prior art fails to anticipate or render obvious the above cited claims..

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Art Unit: 2134
